

35 Years

There's Something About Christmas

Christmas has always been a time that students, teachers and family look forward too. It provides a well deserved break from the rigours of the classroom, festival work and show preparation and is a time for everybody to relax and reinvigorate themselves in time for the new year term.

For 35 Years we have been wishing a Merry Christmas to the JSTA Community.

This year is no different.

To all of our students, teachers, family and friends we wish you all a Very Merry Christmas and a Happy New Year and look forward to seeing you all at the beginning of 2019.
